# Swinton Pet Insurance - Frequently Asked Questions

We have pulled together some frequently asked questions that will help you understand how your policy works.

## How does pet insurance work?

Pet insurance is designed to help you cover vet costs if your pet becomes ill or suffers an injury following an accident.

## What type of pet insurance policy is this?

This is a 12 month policy which can be renewed each year for another 12 month period with a refreshed annual cover limit for that period. This is often referred to as a Lifetime Pet Insurance Policy.

Each and every year you renew your pet insurance you receive a fixed maximum amount to cover veterinary treatment, this limit applies to both new and recurring illnesses and injuries that have occurred since your policy started with us. When the annual limit has been reached, no further claims can be made for new or ongoing illnesses or injuries until the policy is renewed, at which point the cover limit is refreshed.

It's important to note that for cover to continue year on year you must renew your policy annually with no breaks in cover and the premiums must be paid up to date.

Any renewal of your policy is at our discretion. If we offer a further period of insurance we will be entitled to change the premiums, excess (including any co-payment), conditions or apply exclusions and these will be notified to you as part of our invitation to renew.

## What does an annual cover limit mean?

Your Swinton Pet Insurance policy has a renewable annual cover limit.

We will pay up to £2,000, £4,000 or £7,000 in total for vet's fees (including sub limits such as CT/MRI Scans and Complementary Treatments) in any 12 month period, your limit depends on what you have bought and is shown in your policy schedule. This means there is no limit to the number of claims you can make in the 12 month period and claims will be paid until the monetary limit is reached in that insurance year.

When you renew your policy, the cover limit is reset so there is a new limit of £2,000, £4,000 or £7,000 to fund new and ongoing claims if needed.

It's important to be aware that there are some conditions that have lower limits within the policy such as behavioural conditions and complementary treatments and other cover limits which are in addition to the vet's fees limit such as holiday cancellation and reward for if your pet goes missing. These limits are shown throughout this document where they are applicable.

## What happens if my vet treatment and insurance cost limit is not enough to cover all my pet's treatment?

Sometimes the cover provided by a policy is not enough to cover the entire cost of treatment. If the amount of cover you have selected is not enough to cover all your vet bills it is your responsibility to pay the remaining amount. For example, if treatment costs £3,000 and you purchased Classic £2,000 you would have to pay £1,000 towards the claim costs. That means it is extremely important that you check the cover you have selected including all the individual treatment limits to select the right cover for you. And, in order to help you select the right cover for you we offer 3 different levels of cover: Classic £2,000, Classic £4,000 and Classic £7,000.

## What is a bilateral condition?

Some conditions in pets are highly likely to occur on both sides of the animal's body, but possibly at different times. For example, your pet could have hip dysplasia or cruciate ligament disease on the right leg and then the left leg a few months later.

These are known as bilateral conditions and both will be treated as one condition up to your chosen limit (£2,000, £4,000 or £7,000) irrespective of the time difference between the condition developing on one side and then the other. However, because of this you only have to pay one excess (including any co-payment) for a bilateral condition.

## What is an excess (including any co-payment)?

An excess (including any co-payment) is the amount you will have to pay towards any and all claims you make, this excess will also be payable each insurance year if your pet requires treatment year on year for any conditions that we will cover. The amount you have to pay will depend on the age and breed of your pet(s), this amount will be shown in your Schedule.

If your Schedule shows you have a co-payment in addition to the excess amount you will be required to pay a percentage of the remaining vet fees of your claim. (This is sometimes called a co-payment or percentage excess.) This percentage can vary, and your schedule will advise if a co-payment amount applies to you.

Below is an example of how the excess (including any co-payment) will work in both these scenarios:

### Example 1

A claim arises for vet fees totalling £800 and your **schedule states you do not have a co-payment:**

Amount claimed	<b>£800 vet fees</b>
Less fixed excess of <b>£99</b>	<b>£701</b>
Less additional excess of 20%	<b>Not Applicable</b>
Total excess paid by you	<b>£99</b>
Total paid by us	<b>£701</b>

### Example 2

A claim arises for vet fees totalling £800 and your **schedule states you do have a co-payment:**

Amount claimed	<b>£800</b>
Less fixed excess of <b>£99</b>	<b>£701</b>
Less additional excess of 20%	<b>£140.20</b>
Total excess paid by you	<b>£239.20</b>
Total paid by us	<b>£560.80</b>

As your limits refresh annually when you renew your policy, if your pet has a condition that spans multiple years the fixed excess (in addition to any co-payment) is payable in each year for any veterinary fees due for each recurring or ongoing condition.

## What should I do if I am travelling abroad with my pet?

Depending on where you live, the actions you need to take when travelling abroad with your pet may differ. Below are some details to help you understand what you need to do before you travel, but you must at all times follow the most up-to-date guidance issued by the UK Government. You can read these rules at: <https://www.gov.uk/take-pet-abroad>.

You must also always check the rules of the country you are traveling to for any additional restrictions or requirements before you travel.

If you are a resident of Great Britain and you are planning to take your pet abroad in the EU and Northern Ireland you will need to ensure your pet has:

- a microchip
- a valid rabies vaccination
- tapeworm treatment for dogs (if you're travelling directly to Finland, Ireland, Northern Ireland, Norway or Malta)
- obtained a health certificate from your vet (one for each trip) that is dated a maximum of 10 days before you are due to travel.

If you have any questions or are not sure how any of the above impacts you please call the Swinton Pet customer service team on 0333 035 9584.

# Definitions

---

We want to help you understand your Pet insurance policy. So to make things as clear as possible, in this section we explain the key words which have a specific meaning when we use them in your policy.

- details of the pet(s) insured;
- the level of cover you have;
- any excesses (including any co-payment) that you have to pay; and
- any endorsements that apply. (An endorsement changes the cover provided by this policy wording and is specific to you.)

## Statement of Fact

This document shows the information you've provided to us or agreed with to set up, change or renew your pet insurance. It's extremely important you check this information as it could mean a claim is not covered if it's incorrect.

We will issue you a Schedule and Statement of Fact when you set up or renew your policy or if your policy is changed.

There are also a number of words and phrases that we use throughout this document, which may sound straightforward, but have a specific meaning when we mention them in your policy. You need to understand these words, so we have explained them below. Please make sure you understand them before you continue reading this document.

This also includes any undiagnosed injury (following an accident) or undiagnosed illness which is showing any clinical signs, symptoms or exists in any form on your pet prior to the start of this policy. This would include things such as loss of weight, vomiting or lethargic behaviour.

## Bilateral Condition

This means any condition affecting body parts of which your pet has two, one each side of the body (e.g. ears, eyes, knees, cruciate ligaments). This table does not include the detailed information about when you are or are not covered for these amounts. Full details can be found in the policy wording and the level you are covered for will be shown in your schedule.

### Important note

All cover levels mentioned below and throughout this document are the maximum amounts that we will pay up to, they are not a flat amount that we will pay for every claim. For example, the Advertising and reward limit of £600 on Classic £2,000 will only pay out £200 if that is the cost for supply of required leaflets, flyers and posters.

<b>Your schedule will tell you which Classic level of cover you have</b> The maximum amounts we will pay up to in total for all claims across the year

### Important things to be aware of

How long will the claim take?	Excesses	Using your own vet
<p>The length of time a claim takes varies based on the circumstances and the type of claim being made. This can also be affected by any previous conditions or treatments your pet has had, as we will need to understand if they have contributed to the illness you are claiming for.</p> <p>Another element that delays claims being made is information missing on the claims form, or when copies of vet invoices and vet reports are not included. Please make sure when you submit a claim all information is provided.</p>	<p>An excess is the amount you will have to pay towards any claim you make. For example if we agree to pay your claim for £1,000 and your excess (including any co-payments) is £125 we would pay £875.</p> <p>It's important to remember that you will have to pay the your excess (including any co-payments) directly to the vets if you haven't already paid the bill.</p> <p>Details of the your excesses (including any co-payments) you have to pay are shown within your Schedule.</p>	<p>We can handle/receive claims from any vets within the UK as long as they are a qualified veterinary practitioner holding a current registration with the Royal College of Veterinary Surgeons and work in clinical practice in the UK (or their equivalent in any European Union country.)</p>

## Your Cover

### Vet treatment for your pet - UK and EU

This section provides help to cover vet costs if your pet falls ill or is injured and needs treatment by a veterinary professional in the UK or whilst travelling in the European Union, the Channel Islands, or the Isle of Man.

#### Important Note

A common cause of claims being turned down are conditions or injuries you knew about prior to booking your trip, such as any health problem your pet has had, or is having, treatment, medication or advice for from a vet for prior to the start date of this policy. This also includes any undiagnosed injury (following an accident) or undiagnosed illness which is showing any clinical signs, symptoms or exists in any form on your pet prior to the start of this policy, such as among other things, loss of weight, vomiting or lethargic behaviour.

If you are unsure about what this means, or whether your pet has a pre-existing condition and how this will affect any claim you make please call us. You must also make sure your pet has its annual vaccinations and check-up or claims might be turned down.

#### Your Schedule will tell you which Classic level of cover you have

The maximum amounts we will pay up to in total for all claims across the year

<b>Maximum length of all trips abroad per year</b>	30 days	60 days	90 days

For the avoidance of doubt, please note that the Individual Treatment Limits below are included within the maximum veterinary fees benefit limit above.

For example if during the year you have Classic £2,000 and have a claim for £1,500 for an illness and one for £750 for complementary treatments, we will only pay £2,000 the remaining £250 will be payable by you.

#### Individual Treatment Limits

#### What we will pay for:

Up to the limits in the above table

#### Veterinary treatment

- ✓ If a vet recommends treatment for your pet following an accident or illness, we will pay the cost of that treatment carried out by a vet, a veterinary nurse or by someone else under the supervision of a vet. This includes the cost of having your pet put to sleep (euthanasia) for humane reasons, if your vet believes, in their professional opinion, that your pet is suffering with an incurable condition and that there is no other way to prevent or relieve your pet's suffering.
- ✓ We will also provide this cover whilst you are travelling anywhere within countries in the European Union, the Channel Islands, or the Isle of Man with your pet. Any claim made whilst you are travelling abroad in these countries counts towards your annual Vet Treatment and Related Costs limit.
- ✗ We will not pay more than the cover limit for one condition, including if it develops into a bilateral condition following completion of the original treatment, which may extend into a new policy year. Bilateral condition means any condition affecting body parts of which your pet has two, one each side of the body e.g. ears, eyes, knees, cruciate ligaments. When applying a benefit limit or exclusion, bilateral conditions are considered as one condition if there is evidence that your pet has had symptoms or treatment for the condition and/or your vet records indicate that the conditions are related.

#### Out of hours treatment

- ✓ If your pet has an accident or illness and the vet decides out of hours treatment is necessary, we will pay the costs for the required treatment.
- ✓ If the vet advises that your pet's condition is life-threatening, and moving them would endanger their life, we will pay for your vet to make a house call.
- ✗ There will be no cover for out of hours fees or house calls by the vet if your vet advises that your pet can wait until business hours without undue risk.

#### Important note

Remember as a Swinton Pet customer you do have access to our Swinton vet line if you're concerned about your pet's health, looking for advice or you've suffered a pet bereavement 24hrs a day 365 days a year. See page 4 for details.

#### Dental treatment

- ✓ If your vet recommends that your pet requires dental treatment due to an accident we will pay the costs up to the limit for dental treatments as stated above.
- ✗ We will not pay for any dental treatment required due to illness, including where the need for treatment could have been prevented through regular dental check-ups and routine treatments such as dental caries or periodontal disease.

### Duty of Care

You must take all reasonable steps to keep your pet safe and protect it.

You must ensure that your pet has its annual check-up and vaccinations so they remain healthy. If you don't, then your claim might be rejected.

You must also keep to all legal regulations relating to your pet and your ownership.

#### **Check all your details are correct**

Please take time to read your Statement of Fact and Schedule.

If any information is incorrect, or not true to the best of your knowledge or belief, or if you are unsure, please contact us as soon as possible, as it could affect your insurance cover.

If you do not let us know that any of the information provided by you is incorrect, we may take one or more of the following actions:

- cancel your policy;
- declare your policy void (treating your policy as if it had never existed);
- change the terms of your policy; or
- refuse to deal with all or part of any claim or reduce the amount of any claim payment.

#### **If something changes**

It's important you keep us up to date with changes that may affect your pet policy. If any of the information that you gave us which is included within your Statement of Fact has changed, then you must let us know.

If you don't, it could mean that we won't pay your claim and your policy may be cancelled.

The kind of things that we need to know about are:

- A change in your details for example if you move house;
- Any change to your pet's details, such as any conditions they may develop.

Please remember that if you don't tell us about changes, it may affect any claim you make. If you're not sure whether you need to tell us about a change, give us a call.

If you do tell us something has changed, we can increase or reduce your premium as well as change any excesses (including any co-payments).. This may also mean that a new endorsement could apply. This information will be provided by us when you make the change. We may also cancel the policy if we can no longer cover you.

### Making a Claim - More detail can be found on page 12

If you need to make a claim or you think someone may make a claim against you or your pet you must:

- tell us immediately if there is to be a prosecution, inquest or other court proceedings.

## Defending or settling a claim

You must not admit you were at fault for any loss or damage, or make any offer to pay any claim.

To enable us to handle any claim on your policy, we are entitled to:

- take over and defend or settle any claim in the name of any person insured by your policy;
- take legal action in your name, or in the name of any person insured by your policy, to get back any payment we make under your policy;
- decide how we handle the claims and any attempts at recovering costs.

## How to cancel your policy.

We want you to be completely happy with your policy, but if you're not, you have the right to cancel this policy at any time. Here's how it works.

If you do not exercise your right to cancel your policy, it will continue in force and you will be required to pay the premium.

### Canceling before the policy starts

If you or we cancel the policy before the start date, we will refund your entire premium to you.

### Canceling after the start of the policy

You can cancel your policy at any time (including during the 14 day cooling off period) by letting us know. As long as no claim has been made or is going to be made, we will refund the premium for the exact number of days left on your policy. If you have made a claim or one is expected to be made and we have been unable to recover our costs we will not refund any premium and we have the right to recover any outstanding premium you owe if you are paying by Direct Debit.

### Our right to cancel your policy

We have the right to cancel this policy at any time by giving you 14 days' notice to your last known address or email address, if we have a good reason to do so.

Reasons why we may decide to cancel your policy include things such as:

- if you do not pay your premium or instalment payment by the payment due date. We will take reasonable steps to give you a chance to make the outstanding payments before we cancel your policy;
- where we reasonably suspect fraud;
- we identify that incorrect information was given to us on purpose, which means we no longer wish to insure you;
- if you do not provide us with information or documentation we reasonably require, for example your pet's veterinary records or pedigree certificate;
- where you have not taken reasonable care to provide complete and accurate answers, and failed to put this right when we asked you to;
- changes to the information that you provided us when you purchased the policy, which are shown on your Statement of Fact or Schedule, that mean we no longer wish to insure you;
- use of threatening or abusive behaviour or language, or intimidation to our staff or suppliers by you or someone representing you.

As long as no claim has been made or is going to be made on your pet policy, we will refund the premium for the exact number of days left on your policy. If you have made a claim or one is expected to be made and we have been unable to recover our costs we will not refund any premium.

If we discover that you have deliberately withheld information from us, or you gave us wrong information because you didn't take care when communicating with us, we may be entitled to void your policy. This means we would treat the policy as though it had never been issued. We may also refuse to pay any claim and, under certain circumstances, keep any premium you've paid.

- Completing our online feedback form, which can be found on our website [www.swinton.co.uk/pet-insurance/contact](http://www.swinton.co.uk/pet-insurance/contact).

## How our complaint process works

We will aim to resolve your complaint as soon as possible, normally within 3 business days, at which point we will send you confirmation in writing that your complaint has been resolved.

On occasions we will require a bit longer to resolve your complaint and in this case, we will send you an acknowledgement letter telling you when we hope to reach a decision. We will then continue to keep you updated on our progress. Once resolution has been agreed, we will then write to you with our complaint decision (this is called a final response), it will be to;

- Uphold your complaint, telling you why, and what action we intend to carry out to put this right for you, or;
- If we do not uphold your complaint, we will explain the reasons for our decision.

A copy of the complaints procedure is available on request.

## Changing your Policy Limit

If during the time you are insured with us (whether that is across 1 year or multiple years) you make a change to your policy limit, this will impact how we handle any claims including how we pay for any conditions we cover which require treatment year on year.

### Increasing cover

If you increase cover e.g. move from Classic £2,000 to Classic £7,000 the amount we pay for any recurring treatment for an illness or injury will stop when you reach the original lower policy limit which in this example is £2,000.

### Reducing Cover

If you reduce cover e.g. move from Classic £7,000 to Classic £2,000 the amount we pay for any recurring treatment for an illness or injury will stop when you reach the new lower policy limit, which in this example is £2,000.

## Renewal

We will let you know that your policy is due to expire and in most cases we will include an offer to renew your policy for another year.

It's important to note that for cover to continue year on year you must renew your policy annually with no breaks in cover and the premiums must be paid up to date. Any renewal of your policy is at our discretion. If we offer a further period of insurance we will be entitled to change the premiums, excess (including any co-payments), conditions or apply exclusions and these will be notified to you as part of our invitation to renew.

Please take time to read your renewal documents including the Statement of Fact and Schedule. If any information has changed, is incorrect or not true to the best of your knowledge or belief or your excesses (including any co-payments) and/or endorsements no longer suit your needs, or even if you are unsure, please contact us as soon as possible as this could affect your insurance cover and the renewal terms offered.

If you pay your premium by Direct Debit, we will continue to take payments from your bank account for the renewal premium.

### If you do not want to renew your pet insurance

If you do not want to renew, you must tell us before the renewal date. We will refund any payment that was taken for the renewal premium. It's important to note that if you do not renew your policy you will have no cover for any pre-existing conditions your pet may have.

If you do not want to renew, but you only tell us after the renewal date, as long as no claim has been made or is going to be made on your pet policy for the time you have been insured since your renewal, we will refund the premium for the exact number of days left on your policy.

If you have made a claim for an incident occurring after the renewal date or one is expected to be made and we have been unable to recover our costs we will not refund any premium and we have the right to recover any outstanding premium you owe if you are paying by Direct Debit.

## Legal Information

### Fraud

If you or anyone acting on your behalf:

- makes a claim under this policy which is in any part false or exaggerated;
- supports a claim with a false document or statement;
- makes a claim for any loss or damage as a result of your deliberate act or if the loss or damage was caused with your agreement or knowledge;
- makes a fraudulent payment by bank account and/or card;
- have committed fraud under any other insurance policy; or
- makes an untrue statement, fails to provide us with information we have requested or knowingly provides inaccurate information about their circumstances in order to obtain insurance cover.

We may:

- amend your policy to record the correct information, apply any relevant policy terms and conditions and collect any additional premium due. If you pay by instalments, you will be informed if this additional premium cannot be added to your current instalment plan and must be paid in full;
- declare the policy void (treating your policy as if it had never existed) from the date the fraudulent act was committed;
- not pay any claims which may or may not have been made on your policy;
- recover any previous claims paid under your policy;
- not return any premium; or
- cancel your policy.

We may also inform the police, other financial services and anti-fraud databases.

### Our right to recover payment from you

If we have to pay a claim because the law of a country where you are travelling with your pet says we must, and we would not have paid the claim under the benefits of this insurance policy, we can recover from you the amount of any payment we have to make. This could happen if, for example, your pet bit someone whilst you were travelling abroad.
